**Presidents Message**

As this year draws to a close, I would like to express my appreciation to all our members for your loyalty and support during the past year. The SAR is a special organization, one that recognizes and celebrates our heritage as proven American Patriots, and encourages us to live up to the ideals of our ancestors who sacrificed their lives and fortunes so that we can enjoy a life of freedom, prosperity and self-determination.

I am especially proud to report the extraordinary membership growth of the St. Petersburg Chapter during the past year. Please be sure to see Registrar Will Scott's report in his section of this newsletter. Welcome to all our new members, and our chapter extends its sincere thanks to the Boca Ciega DAR, Richard Arnold DAR, Washington, DC and Saint Petersburg DAR, for your membership referrals and support of our chapter.

It is also important for each of us to make a resolved effort to identify our eligible young male and female relatives and help them become members of the C.A.R. This will ensure the legacy of the SAR continues for another generation. Membership in the James McMullen Society N.S.C.A.R. is a timeless and unique heritage gift to young boys and girls regardless of where they may reside.

I have been invited to speak to the Saint Petersburg Chapter DAR in January about our chapter and the SAR, and opportunities for working together to benefit the community. I am looking forward to this event. A special "Thank You" to Cindy Weatherby, Registrar at the Saint Petersburg Chapter DAR for her recent membership referral of newly approved Compatriot Alan Craig. Her excellent genealogy and supporting documentation is greatly appreciated.

Probably the most important initiative ever undertaken by the NSSAR is its development of The Center for Advancing America's Heritage, located in an historic 1840's era building, currently under renovation in downtown Louisville, KY. The expansive 40,000 sq ft center will house an education center, interactive exhibits, a genealogical study center and other invaluable assets necessary to promote our nation's heritage. The building will also accommodate our National Headquarters offices and provide new resources for our membership. The Center is easily accessible by three major Interstates, 71, 65 and 64, and is within a day's drive of more than half the population of the United States. You will be hearing much more about this major project soon.

As noted in the following section, President General Joseph Dooley will be visiting our chapter on March 22. This is a very rare honor and a highly special occasion, and one which all members should make every effort to attend. Please invite your family as well. It will be a dinner event held at the St. Petersburg Country Club (formerly the Lakewood Country Club). More details to follow!

## N.S.S.A.R. President General to Visit to Our Chapter

N.S.S.A.R. President General Joseph W. Dooley will visit the St. Petersburg Chapter in March of 2014. The scheduled date is March 22. Please mark your calendars for an evening event. Compatriot Jerry Hale is coordinating this very special occasion.

### President General's Five NSSAR Initiatives

"I have developed these five initiatives to give you meaningful choices. I do not expect every state society, chapter and individual compatriot to pursue all five of these initiatives. But I hope - I ask you all - to pursue as many of them as you can in the furtherance of the goals and objectives of the Sons of the American Revolution, and in honor of our patriot ancestors." - President General Joseph Dooley

#### Initiative I: The President General's Challenge

From July 11, 2013 through July 15, 2014, if a State Society donates \$400 to the Center for Advancing America's Heritage, I shall donate an additional \$100 to the Center in that State Society's name so that the State Society is credited with a \$500 donation.

If we raise one million dollars for the NSSAR's Center for Advancing America's Heritage in Louisville, Kentucky by or during the 2014 NSSAR Congress, I shall shave my head bald. I will hire a barber and have my head shaved, right on the floor of the Congress, if possible.

## **Initiative II: Partnering with the Mount Vernon Ladies' Association**

### **A. George Washington Portrait Project**

Currently, the Mount Vernon Ladies' Association (MVLA) offers a beautifully framed replica of Rembrandt Peale's Porthole Portrait of George Washington. Although MVLA makes this portrait available for free to elementary, middle and high schools, Mount Vernon is also asking for contributions to defray its costs associated with this program. On MVLA's website, there is a contribution form which allows donors to contribute a minimum of \$275 to underwrite the cost of one of these portraits of George Washington. Mount Vernon has graciously discounted the minimum donation to \$250 for SAR State Societies and Chapters that participate in this President General Initiative.

### **B. Promoting History Day Projects on George Washington**

For those who are not familiar with National History Day (NHD), it is a program to foster the study of history by junior high and high school students. Students choose an historical topic related to an annual theme, and then conduct primary and secondary research. Students are encouraged to look through libraries, archives and museums, conduct oral history interviews, and visit historic sites as part of their research. After a student has analyzed and interpreted his sources, and has drawn a conclusion about the significance of his topic, he is then able to present his work in one of five ways: *as a paper, an exhibit, a performance, a documentary, or a web site.*

In the spring, students may enter their history projects into local NHD contests where they will be judged by professional educators and historians. The best local history projects move on to state NHD contests. The winners of state NHD contests are eligible to attend the Kenneth E. Behring National History Day Contest at the University of Maryland at College Park in June. This is where the best National History Day projects from across the United States meet and compete. For more information: <http://nationalhistoryday.org>.

## **Initiative III: Memorials, Markers & Monuments**

From July 11, 2013 through July 15, 2014, every State Society and Chapter that erects a permanent memorial, a marker or a monument to honor a person, place, event or document associated with the American Revolution shall be awarded an NSSAR streamer.

## **Initiative IV: Helping the USO Help America's Military**

From July 11, 2013 through July 15, 2014, every State Society or Chapter that donates \$250 to the USO, *or the equivalent value in goods or time*, shall be awarded an NSSAR streamer

## Initiative V: Member Retention Challenge

Every State Society that begins calendar year 2014 with at least 95% of its membership – as determined to be as of December 31, 2013 – shall be awarded an NSSAR streamer.

### **Special Service Awards Presented at Our November Meeting**

The St. Petersburg Chapter SAR is grateful to Veva for her expertise and many hours of volunteer research provided to us. Her service is

## Children of the American Revolution

Colleen Pauley Perry, senior vice president James McMullen Society N.S.C.A.R. announced additional membership approvals by the national Genealogy Department, bringing our Society's membership to 20, with several more in various stages of process. This is excellent progress, growing from 6 to 20 young members in one year.

The JMS C.A.R. calendar is filled with fun and educational activities designed specifically for families of SAR and DAR members. Next year promises to be even more interesting and exciting. Your children, grandchildren and linearly qualified youth are eligible to be members of JMS N.S.C.A.R regardless of where they live. Young family members not eligible by descent can participate in JMS activities through membership in the JAC club, (Junior American Citizen) so blended families can enjoy being involved in C.A.R. projects and events.

The James McMullen Society N.S.C.A.R. cordially invites you, your children, and grandchildren to a Holiday Season Gingerbread Party Monday, December 23 at 2 pm. The event will be at the home of Shannon and new St. Petersburg Chapter Compatriot Steve Muldrow 2263 MacKenzie Ct. Clearwater, FL 33765. *Please RSVP to Shannon at 727-729-5446 by December 20*

## Special Thanks to Billy's Stone Crab

An important and often overlooked aspect of holding successful chapter meetings is the room set-up and preparation work performed beforehand by the management and service staff of any venue. Attentive, courteous service, good food and an attractive, private meeting room are the bedrock of enjoyable, productive chapter meetings. Our chapter has been meeting regularly at Billy's Stone Crab for many years, and we would like to extend a special "thank you" to the management and staff at Billy's Stone Crab Restaurant for their professionalism and outstanding service. Many thanks to Ed and Marci, and Matt for all your hard work.

## "Homecoming" for Veteran Charles Claybaker

Building Homes for Heroes® is a national non-profit, non-partisan 501(c)(3) organization founded in 2006. Building Homes for Heroes® is strongly committed to supporting the brave men and women of the military who have returned home from the wars in Iraq or Afghanistan with severe

wounds and disabilities. Its goal is to build homes for families in dire need. It's our honor to support the men and women who have loyally and courageously served our country.

Compatriot Peter Ford and his wife, Debbie attended a "homecoming" November 23 for Sgt. Charles Claybaker. Sgt. Claybaker served in Afghanistan with the 75<sup>th</sup> Ranger Regiment, and was severely wounded in 2010 when his aircraft, an Osprey tilt-rotor, crashed. We had watched the work on the home during our morning walks, and were pleased to see the flags go up along a four block stretch of 62<sup>nd</sup> Avenue the day before the event. A large crowd was on hand, including the media and the Command Sergeant Major from MacDill AFB.

BHH worked on 25 homes last year, and hopes to complete and "gift" 25 homes this year, mortgage-free. Many of the homes are donated by banks, and then fixed up by volunteers. Corporations donate products such as cabinets and appliances, or cash. For example, Advance Auto Parts recently made a grant of \$850,000. BHH has only five employees and its president and board members receive no compensation, which allows over 93% of expenditures to go directly to home-related activities. This is an organization we might want to consider supporting, individually or as a chapter.

Their website is: [www.BuildingHomesForHeroes.org](http://www.BuildingHomesForHeroes.org), and they are always looking for volunteers.

### **Wreaths Across America**

On December 14 at 9:30 AM volunteers will meet at Bay Pines National Cemetery, St Petersburg to begin the process of placing the wreaths on the graves of the veterans. When you place the wreath please remember you may be the first person to visit this grave in years so take time to read the stone and honor the memory of that hero. The concluding ceremony will take place at 11:00 and will end at 12:00 noon.

### **George Washington Birthday Luncheon**

Our chapter is hosting the George Washington Birthday luncheon at the St. Petersburg Country Club on February 15, 2014 at 11:30, our regular meeting time. I would like to ask that all our members make every effort to attend this very important event

Please consider bringing your wife and family, and any prospective members you may have. Special thanks to John Stewart, Will Scott, Chave Aspinall and Alan Craig for your volunteer enthusiastic assistance in planning this event.

### **Check Your Patriot Ancestor Listing on the Website**

Please take a moment to visit our Chapter website at [www.stpeteSAR.org](http://www.stpeteSAR.org) , click on the "Patriot Ancestors" tab and review the listing to be sure your all Patriot ancestors, including supplemental, are listed. Please send me any corrections. [C.Butler@stpetesar.org](mailto:C.Butler@stpetesar.org)

The award is open to all, including but not limited to, residential properties, government buildings, commercial enterprises, charities, and veteran's group. ## Registrar's Report

### Registrar's Report to the Chapter

We currently have four applications under consideration by the State Registrar or NSSAR and five prospective members that are actively working with us on applications. Since January 1 2013 we have had 10 new member applications approved for our Chapter.
---

#### St. Petersburg SAR Chapter Growth

I would like to ask each member to make a focused effort to identify and consider recruiting one new member by next May. Our motto for this initiative is *"You can be St. Pete SAR wherever you are."* Members can live out of state, or if they are unable to attend meetings due to military postings, we will devise special activities and projects especially for them so they can be a part of our chapter. Working with local DAR chapters to identify and invite eligible males to join our chapter is an excellent strategy since their lines are usually already well documented to proven Patriots, facilitating the application and approval process.

## Ask the Registrar

A common question we hear is “My aunt is DAR, why do I have to submit an application and supporting documents for the entire line? Can’t I just link to her?”

Lineage Societies such as the NSSAR have very specific membership qualification requirements. As we all are aware, SAR genealogical standards have been recently updated to reflect new technology and wider availability of primary source documents. Although each case is considered individually, current SAR standards require copies of all primary source vital documents for generations after 1900. This would include birth, death and marriage certificates that are readily accessible to applicants through state Vital Statistics offices.

It is important to note this requirement is not intended to challenge or impugn an applicant’s lineage, or to “re-prove the obvious” but rather to thoroughly document it with first line paper proof specifically for the SAR archives and to ensure the organization’s compliance with its strict bylaws.

Additionally, although the SAR, DAR and C.A.R. are mutually cooperative and supportive, they are separate lineage societies with their own rules, standards and genealogists. Through experience, we have found it is usually best to submit an SAR member application packet with full documentation to the Patriot, including primary sources after 1900. For more information about the recruitment and application process, please don’t hesitate to contact me. Please send questions to me at my email address above.

## Chaplain’s Report

**John Stewart**  
1965uva@gmail.com  
(561) 313-4444

Once you are SAR, you are always SAR. During this busy holiday time, we should all pause for a few reflective moments to be thankful for the company of our loved ones, the sacrifices of our forefathers, and privileges we as Americans enjoy. May this season of joy bring you and your family peace and happiness, and please be safe in your travels.

We care about our Compatriots, so please let me know immediately of any serious illness, hospitalization, or death of any of our members or family members. Please let us know about your joyous occasions as well, such as graduations, anniversaries, weddings and new babies!

Please advise any Officer of our chapter so we can take appropriate actions commensurate with the situation at hand. Our President Charles Butler or I will make

every effort to attend services on behalf of the chapter. Please pray for our service members, the ones who put themselves in harm's way to protect us from evil. They do not ask for recognition, but only a chance to make our lives safer. Blessings to all.
